All water is sold subject to the condition that we have it to spare after the needs of the College are supplied. Ready Cash Talks.

ARE you ready for a business opportunity? Suppose that tomorrow you see a chance whereby the investment of \$1,000 would start you on the road to an independent fortune. Have you the thousand? Place your surplus cash in bank. Then when a choice investment offers you are ready for it. There is an old saying that money makes money. It is particularly true today. Security, service and courtesy are our watchwords.

to the music of the piano. An excellent spirit was manifest and all look forward to a successful year of school.

E. F. DIZNEY, Principal.

BREAD TO COST TEN CENTS

Basis Estimated on Sixteen Ounce Size, Which Might Retail at Eight Cents, is Possible.

Washington.—Prospects of an early and radical reduction in bread prices apparently vanished when Herbert Hoover, the Food Administrator, announced that the best the public may expect is a sixteen-ounce loaf for 10 cents or, possibly, eight cents. The eight-cent loaf of 16 ounces is possible, Mr. Hoover said, only if bakers, retailers and consumers unite to eliminate wasteful distribution methods and co-operate to obtain a standardized loaf. The price of family flour, Mr. Hoover said, should be reduced, at the present price of wheat, at least \$2 or \$3 a barrel. Bakers' flour, however, will sell little cheaper than at present.

Next War Loan Opens October 1.

Washington.—The opening of the next liberty loan campaign has been set tentatively by the Treasury Department for October 1. Subscription books will close November 1 unless the program is altered. The amount, the interest rate, the denomination of the bonds and other details will be announced after Congress disposes of the pending bond bill. Indications are that the next offering will approximate \$3,000,000,000. Whether it will be advertised by the Government through paid newspaper space is under consideration, but Secretary McAdoo said the cost of such an undertaking would exceed the appropriation now available for the purpose.

Bill to Ban Sending Troops Abroad.

Washington.—Unanimous adverse report on Senator Hardwick's bill to prohibit sending drafted troops abroad without their consent was ordered by the Senate Military Committee. Favorable recommendation was given to Senator Fletcher's bill providing that enlistment of Americans with forces of nations at war against Germany shall not cause loss of American citizenship.

Heavy Deficit Shown.

Zurich.—The Austrian budget for 1916-1917 shows a deficit of 344,000,000 crowns, compared to a deficit of 49,000,000 crowns in the preceding year. Two of the largest items of expense are 171,000,000 crowns for interest on war loans and 1,650,000,000 crowns for the support of soldiers' families. Special and direct war expenses are not included in the budget.

The Citizen is very popular among students. They want it because it tells them the things they ought to know. It is a good investment for the sake of those left behind. Get it and send it home. Father and mother will appreciate it and you will feel good because you were thoughtful of them.

No home in the mountains is quite complete without The Citizen. It is published weekly with the needs of the mountain folk in mind.

COMMISSIONER'S SALE

Fannie Huette, et al., Plaintiffs,

vs.

James H. Kirby, et al., Defendants.

As directed by a judgment and order of sale entered in the above-styled action at the February term, 1916, of the Madison Circuit Court, and a supplemental judgment and order of sale entered therein by said Court at its May term, 1917, the undersigned will on

Saturday, September 8th, 1917 at or about 2 o'clock p.m., sell to the highest and best bidder, on the premises, the following property:

The tract of land owned and occupied by Reuben Kirby, Sr., during his lifetime, situated on the waters of Paint Lick and Silver Creeks in Madison County, Kentucky. Said land is near the City of Berea, on the Wal-lacetown turnpike and the Hayti road, adjoins the lands of C. C. Blanton, Frank Taylor, Ras Todd, and A. R. Burnam, Jr., and contains 194.9 acres, as shown by survey made by Joe S. Boggs on July 31st, 1917.

SUBDIVISION.—The foregoing tract of land has been subdivided into eight separate tracts, as shown by blue prints now posted on exhibition at the Berea National Bank and the Berea Bank & Trust Company, and marked by stakes on the ground. These tracts will be offered separately, then the farm will be offered as a whole, selling the way to bring the most money. An unusual opportunity is thus afforded both small and large buyers to acquire valuable land almost adjoining the limits of the City of Berea.

TERMS. All sales will be on a credit of 12 months, the purchaser or purchasers to execute bonds, with approved security, bearing six per cent. interest from the day of sale and secured by lien retained on the land. Bidders must prepare in advance to execute bonds as soon as the sale is concluded.

J. J. Greenleaf, Master Commissioner.
